Who We Work With

Since 2012, **LTSB** has helped young people from disadvantaged backgrounds start meaningful careers at major companies like **NatWest Group, RSM, ICAP** and **MAPP**. We start from the principle that our apprentices make a real contribution - **these are jobs they deserve**. They just need a little preparation and support.

Looking back on a decade of achievements, we know we've made a difference. Nearly **1000** young people supported. **Rising salaries** show the market value of positive and effective apprentices. And **89% retention rates** are testament to the long-term support we offer. So if your company is committed to the best of all backgrounds, **come be part of our next ten years**.
